Qualified to the
VEX Worlds
Championship in
Club's Lifetime

3 time
Tournament
Champion
at the State
Championship

10+ Years
of sending
teams to the
World
Championship

Division
Champion
at the World
Championship

180+ Awards
won in the
Club's
Lifetime

20+ Awards
won at the
State
Championship

Why Sponsor Us?

All donated funds to Gael Force Robotics will be used in promoting STEM, supporting our competition teams, and funding club events. GFR has six competition teams as well as a Development Academy, each of which require significant resources to succeed in their goals. As a club, GFR runs community workshops to introduce the next generation and underrepresented communities to STEM.

Benefits

- Advertising at GFR events
 - Booths for your company/products
 - Banners and decorations around event venues
 - Dedicated time for guest speakers
- Displaying company logo and name on robots and club-wide apparel that will be seen by thousands of people
- Tax-deductible donations to GFR (501c3 status)
- Sponsored messages on social outreach platforms
- Company logo on all publications (videos that reach thousands of viewers, website, etc.)

Our Mission

Competition Teams

- 6 student-led competition teams competing in the largest robotics competition in the World
- Serving 90+ leaders, builders, programmers, strategists
- Daily meetings for 40+ hours/week, per team.

Gael Force Academy

Consistently educating 80+ high school students in a year-long robotics program:

We teach the following:

- Strategic Planning
- Mechanical Engineering Principles
- Software Architecture and Design
- Position-Tracking Algorithms

Events

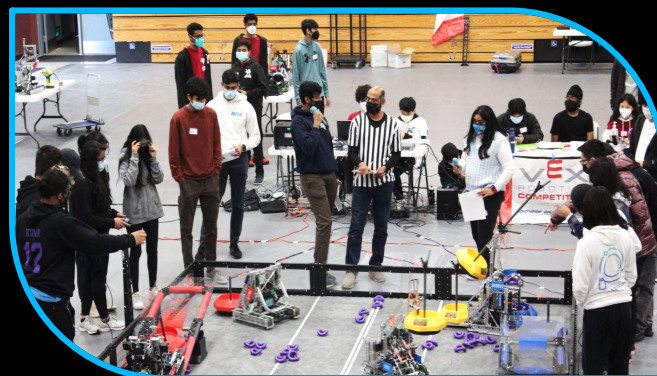

- We host many events to further our goal of promoting STEM.
- We host a showcase event every year to showcase the work of our competition teams to promote an interest in robotics and STEM
- More events outlined in-depth in the following page.

Events

'Battle of the Bay' is one of the largest and most prestigious regional tournaments in Northern California

- Attendees compete to win awards and qualify to the State Championship
- Annual attendance: 300+ people

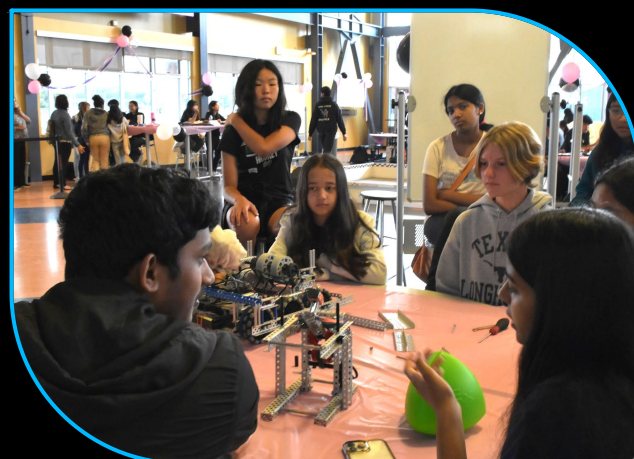

'Gael Force: Girl-Powered' is a workshop that we have hosted for the last 3 years

- Serves an introductory engineering experience for young girls (middle school and elementary)
- Expected Attendance: 100+ girls

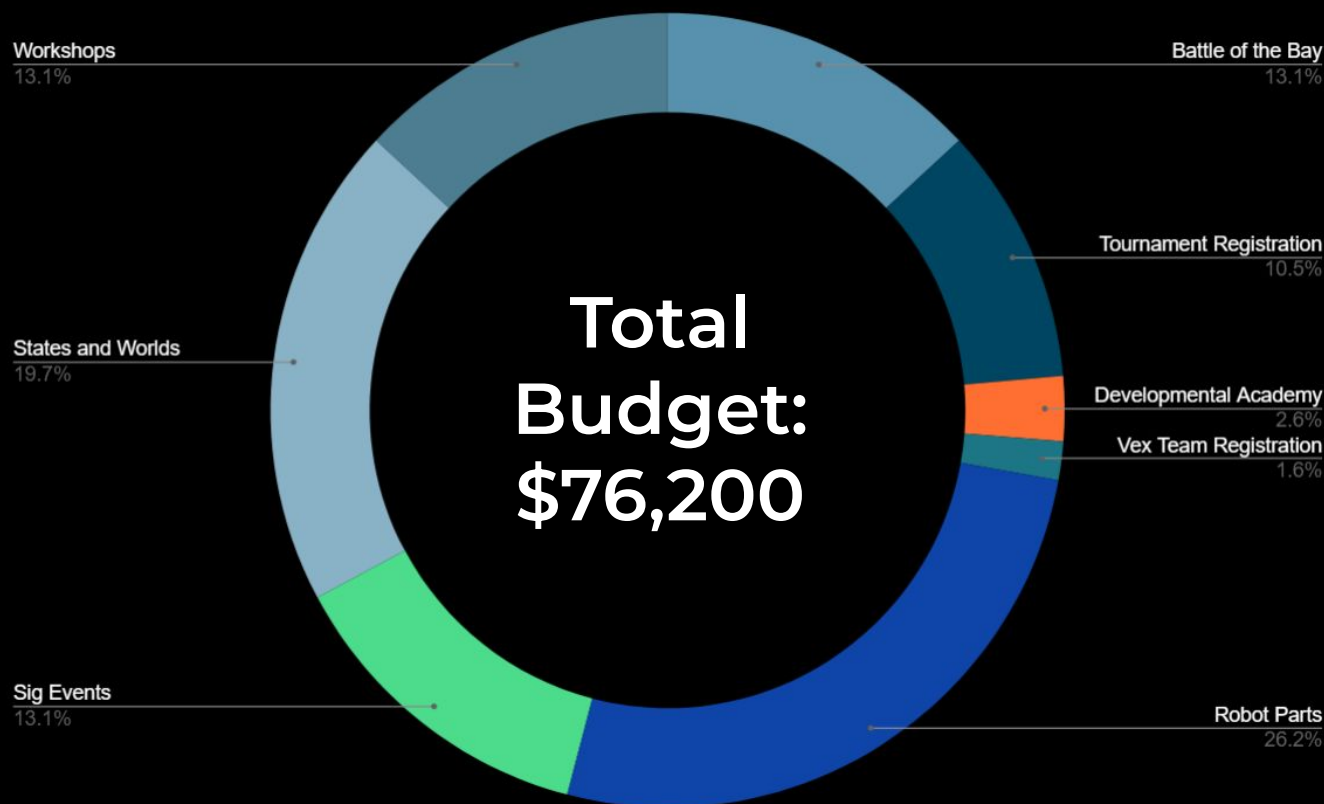

'Gael Force Robotics Workshop' is a workshop event that we will host for the first time this year

- Will offers an introductory robotics experience students in middle school and elementary
- Expected Attendance: 80+ attendees

Budget

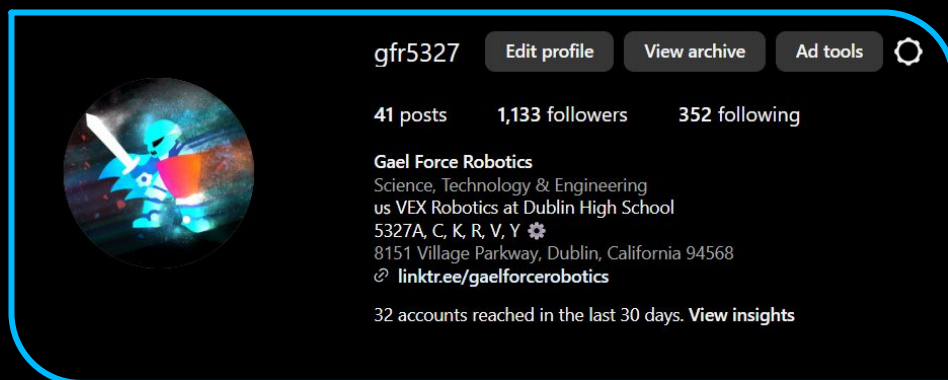

- **Battle of the Bay** (\$10,000)– Self-Hosted Regional Tournament, 200+ Attendees
- **Tournament Registration** (\$8,000)– Nationwide Tournament Registration for 6 Teams
- **Developmental Academy** (\$2,000)– Introductory Robotics Mentorship, 80+ Attendees
- **VEX Team Registration** (\$1,200)– Registration Cost, 6 Teams
- **Robot Parts** (\$20,000)– Contemporary Robotics Parts, 6 Teams
- **Sig Events** (\$10,000)– International Tournaments with hundreds of teams
- **States and Worlds** (\$15,000)– Large Brand Exposure, Travel Costs and Tournament Registration
- **Workshops** (\$10,000)– Local Outreach Workshops, 300+ Attendees

Outreach

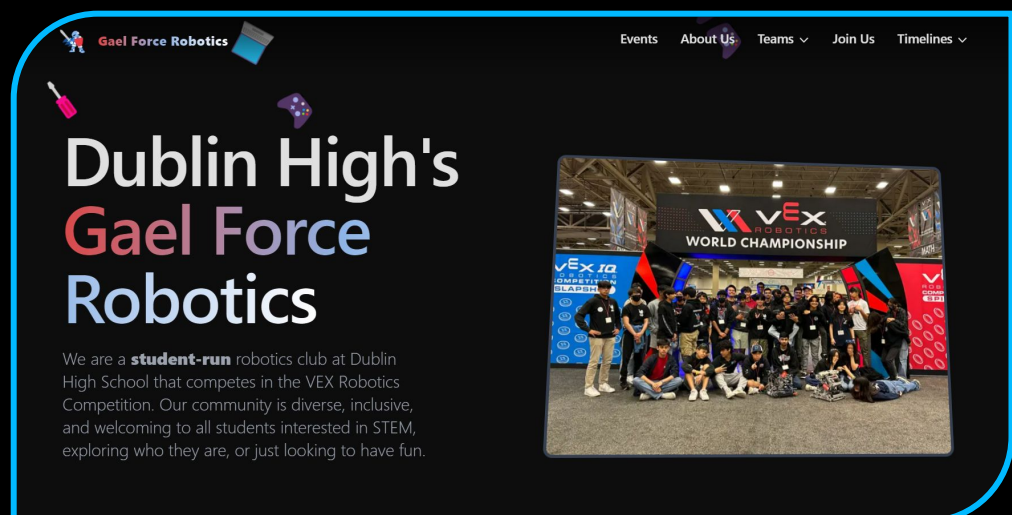

Social Media

- **Instagram**
 - Posts highlight **achievements**
 - Feature **shoutouts** of your sponsorship
- **YouTube**
 - Robot reveals gain **thousands of views** globally
 - Prominently feature your **brand** and logo
- **Discord**
 - Dedicated channel **displaying** business (brand, description, sponsor mention)

Website

- **Gael Force Website Link**
 - Central hub of Gael Force Robotics content
 - **Link** your own website to our pages
 - Feature affiliate **products** alongside teams
- **Gael Force LinkedIn Link**
 - Sponsored **posts** about products and the partnership
 - Alumni network of Gael Force Robotics members
